Here **comes** the **sun**!

**8% grant on your photovoltaic system**

Generate green electricity from sunlight by installing a photovoltaic system at your home, business premises or factory. Cut down your electricity costs, reduce your carbon footprint and even export surplus energy back to the Central Electricity Board under the net-metering scheme (as per SSDG2). Our Green Loan, supported by the Agence Française de Développement (AFD), will reward you for helping breathe new life into our planet with a grant of 8% of your loan amount.
